

Warranty: Seller warrants to Purchaser that all equipment, materials and work provided will conform to the specifications, drawings, and other description supplied or adopted by Purchaser as evidenced in this Purchase Order/Contract and will be new and operate satisfactorily at the conditions for which they are intended. Seller further warrants that all products are free from defects in material and workmanship.

In the event of defect through no negligence of Purchaser, Seller shall promptly, at no cost to Purchaser, either repair or replace (including prepayment of all packing and transportation costs) the defected equipment, materials and work covered by this Purchase Order/Contract with _____ year from the date Purchaser has accepted the products in writing or from the date the products are placed in regular use, whichever comes later. Purchaser shall have the right to repair or replace the defected products if Seller fails to take prompt and effective action upon Purchaser's notice of the defect. Seller shall be liable to Purchaser for such repair or replacement cost.
